DETAILED ACTION

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

The primary reason for the allowance of claims 1-6 is the inclusion of the limitation of a body complementary to a removable inkjet cartridge including a media feed system, the removable inkjet cartridge having a page width print head, and ink supply, and a cartridge authentication device storing printing performance information of the print head and cartridge authentication information, the media feed system is for feeding media past the page width print head in the removable inkjet cartridge. It is this limitation found in each of the claims, as it is claimed in the combination, that has not been found, taught or suggested by the prior art of record which makes these claims allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
